Jawan Investments — Full User Guide

Family Office Platform · jawan-portal

This guide covers every function in the Jawan Investments platform: how to sign in, navigate, and use each module step by step. What you see depends on your **role** and **permissions**.

Table of Contents

1. [Getting Started](#)
 2. [Dashboard](#)
 3. [Assets](#)
 4. [Lands](#)
 5. [Cars](#)
 6. [Companies](#)
 7. [Loans](#)
 8. [Cheques](#)
 9. [Investment Proposals](#)
 10. [Bank Details](#)
 11. [Documents \(Document Vault\)](#)
 12. [Expenses](#)
 13. [Reports](#)
 14. [Admin: User Management](#)
 15. [Admin: Audit Log](#)
 16. [Quick Reference by Task](#)
 17. [Tips & Limitations](#)
-

1. Getting Started

Signing In

1. Open the platform URL in your browser.
2. If you are not signed in, you are redirected to **Sign In**.
3. Sign in with the email your administrator invited you with.
4. After sign-in, you land on the **Dashboard**.

Navigation

- Use the **left sidebar** to move between modules.
- The header shows the current page title and your **user menu** (top right).
- Use the **sidebar toggle** on smaller screens to show or hide the menu.

Roles & Permissions

Role	Typical Access
Principal	Full access to all modules
Signatory	Read-mostly portfolio; no Expenses or Admin
Finance	Full Loans, Cheques, Expenses; read portfolio; filtered Documents/Reports
Director	Filtered portfolio by assigned entities; full Proposals (submit & approve)
External	Documents only (shared categories — when configured)
Super Admin	Everything, plus Users and Audit Log in the sidebar

Permission levels:

Level	Meaning
Full	View, create, edit, delete, upload
Read	View only (no Add/Edit/Delete)
Filtered	Only records for your assigned entities and/or document categories
None	Module hidden or blocked

Entities

Most records belong to an **Entity** (e.g. Jawan Investments). On forms:

- Choose an entity from the dropdown.

- Or use **Add entity** to create a new one inline (name + optional notes).

If you have **Filtered** access, you only see and create records for entities assigned to you.

Common Actions

Action	How It Works
Add	Top-right button on list pages (only if you have write access)
Edit	Pencil icon in the row actions column, or Edit on a detail page
Delete	Trash icon → confirmation dialog → permanent delete (except cheques)
View details	Click the record name in a table
Upload files	File inputs on create/edit forms or upload panels on detail pages

Supported file types: PDF, JPG, PNG, WEBP, DOC, DOCX (some modules also accept spreadsheets).

2. Dashboard

Path: Sidebar → **Dashboard**

Who can use it: Principal, Signatory, Finance, Director (not External).

Summary Cards

1. **Portfolio Value** — total value of active and monitored assets (ownership-adjusted).
2. **Net Worth** — portfolio value minus active liabilities.
3. **Active Assets** — count of active holdings.
4. **Pending Reminders** — highlighted when something needs attention.

Portfolio Overview

Breakdown by asset class (Real Estate, Private Equity, Public Equity, etc.) with bar chart by value.

Modules Panel

Quick links to each module you can access, with record counts.

Recent Exits

Asset disposals in the last 12 months. **View all exited** opens the Assets list filtered to exited.

Pending Proposal Approvals

Shown if you are an assigned approver with no decision yet. **Review** opens the proposal.

Reminders

Expiring documents, vehicle registration/insurance, company registration, loan maturity, cheques due, overdue expenses. Badges: Document, Expense, or Vehicle.

3. Assets

Path: Sidebar → **Assets**

Who can use it: Principal (full); Signatory/Finance (read); Director (filtered by entity).

List Page

Filters: All | Active | Exited

Columns: Name, Category, Entity, Status, Acquired, Current Value, Updated, Actions.

Register a New Asset

Path: Add Asset

Field	Required?	Notes
Name	Yes	Display name
Category	Yes	Real Estate, Private Equity, Public Equity, Fixed Asset, Bonds, Cash, Other
Entity	Yes	Owning entity
Status	Yes	Active, Monitor, or Deferred (not Exited)
Currency	Yes	Default OMR; also USD, EUR, GBP, AED
Acquisition Date	No	
Acquisition Cost	No	
Current Value	No	
Description	No	
Manager Name	No	
Manager Email	No	

Asset Detail Page

Shows entity, status, dates, values, manager, description.

- **Linked to Land/Car/Company:** Use **View in Lands/Cars/Companies**. Edit/delete from Assets is disabled.
- **Standalone:** Edit and Delete available with write access.

Record an Exit

1. Click **Record Exit** on the asset detail page.
2. Fill in the form:

Field	Required?	Notes
Exit Type	Yes	Sale, Transfer, Liquidation, Write-off, Other
Exit Date	Yes	
Proceeds	Yes for Sale/Liquidation	
Currency	Yes	
Buyer / Transferee	No	For Sale or Transfer
Notes	No	
Record proceeds as cash inflow	No	Checkbox
Documents	No	Sale agreement, transfer deed, closing statement, other

3. Click **Confirm Exit**. Asset status becomes **Exited**.

Note: Land assets must be sold via the **Lands** module, not here.

Edit / Delete

- **Edit:** Same fields as create; category cannot be changed.
- **Delete:** Blocked if linked to a land parcel or vehicle.

4. Lands

Path: Sidebar → **Lands**

List Page

Columns: Name, Location, Krooki/Mulkia, Entity, Status, Value, Docs, Updated, Actions.

Register Land

Required fields:

- Land Name
- Location: **Oman** or **Outside Oman**
- Entity

Oman location — also required: Governorate, Wilayat

International location — also required: Country, City

Optional fields: Village/Area, Krooki/Survey Ref., Mulkia/Title Ref., Plot Number, Land Use, Area (m²), GPS Coordinates, Registered Holders (repeatable), Status, Currency, Ownership %, Acquisition Date/Cost, Current Value, Notes, Documents (Krooki, Mulkia, Other).

Record a Property Sale

Field	Required?
Sold To	Yes
Sale Date	Yes
Sale Amount	Yes
Currency	No
Notes	No
Documents	No — POA, SPA, Buyer ID, Other

Creates sale record and asset exit; land and linked asset become **Exited**.

Upload Documents

Types: Krooki, Mulkia, Other. At least one file per upload.

Edit / Delete

Edit via detail page. Delete is permanent (documents and linked asset removed).

5. Cars

Path: Sidebar → Cars

Oman vehicle registry. A linked Fixed Asset is created automatically.

Register a Vehicle

Required: Name, Plate Number, Governorate, Wilayat, Entity, Make, Model.

Optional: Plate Code, Model Year, Color, Vehicle Class, Body Type, Fuel Type, Mulkia Number, Chassis/Engine Numbers, Registered Owner, Registration Issue/Expiry, Insurance Company/Policy/Expiry, Status, Currency, Ownership %, Acquisition Date/Cost, Current Value, Notes, Documents (Mulkia, Insurance, Other).

Detail Page

Full registration and insurance info, documents, **Record Exit** workflow.

Reminders

Registration and insurance expiry dates appear on the Dashboard.

6. Companies

Path: Sidebar → Companies

A linked Private Equity asset is created automatically.

Register a Company

Required: Company Name, Registration Number, Entity.

Optional: Registration Date/Expiry, Status, CEO (name/email/phone), Management contact, Notes, Owners (repeatable with ownership %), Documents (Registration Copy, Chamber Copy, Financials, Other).

Detail Page

Registration info, owners, CEO, management, documents, **Record Exit**.

7. Loans

Path: Sidebar → Loans

Who can use it: Principal and Finance (full); others read or filtered.

Register a Loan

Required: Loan Name, Entity, Principal Amount.

Optional: Type (Mortgage, Term Loan, Credit Facility, Other), Status, Lender, Account Reference, Outstanding Balance, Currency, Interest Rate, Start/Maturity Dates, Payment Amount/Frequency, Linked Asset (collateral), Lender Contact, Notes, Documents.

Record a Payment

Field	Required?	Notes
Payment Date	Yes	
Amount	Yes	Must be > 0; cannot exceed outstanding
Principal / Interest portions	Conditional	Both required together, or leave both blank; must sum to amount
Payment Method	Yes	Bank Transfer, Cheque, Cash, Direct Debit, Other
Reference	No	
Notes	No	
Receipt files	No	

Outstanding balance updates; status becomes **Paid Off** at zero balance.

Delete a Payment

From payment history — balance is recalculated.

8. Cheques

Path: Sidebar → Cheques

Who can use it: Principal and Finance (full).

Summary Cards

Pending outgoing | Pending incoming | Due this week | Bounced

Register a Cheque

Required: Cheque Number, Entity, Amount, Issue Date, Payee.

Optional: Direction (Issued/Received), Status, Currency, Bank Account, Bank Name, Due Date, Clearance Date (required if Cleared), Purpose, Notes, Documents.

Remove a Cheque

Soft delete — hidden from lists, not permanently erased.

9. Investment Proposals

Path: Sidebar → Proposals

Create/edit: Principal, Director, Super Admin only.

List Filters

All | Mine | Pending My Approval | Approved | Rejected

Create a Proposal

Required: Name, Suggested Amount, Brief, Recommendation.

Optional: Entity, Currency, Website URL.

To submit: At least one approver (not yourself) + investment deck file.

Buttons: Save Draft | Submit for Approval

Approval Workflow

Action	Comment Required?
Approve	No
Return with Comments	Yes
Reject	Yes

- Majority approve → **Approved**
- Majority reject → **Rejected**
- Return → **Returned** (submitter can edit and resubmit)

Delete

Draft only, by submitter or super admin.

10. Bank Details

Path: Sidebar → Bank Details

Uses Assets permissions.

Add Bank Account

Required: Account Name, Bank Name, Account Number, Currency.

Optional: IBAN, SWIFT, Sort Code, Entity, Notes.

Detail Page

Account fields + linked cheques table.

11. Documents (Document Vault)

Path: Sidebar → Documents

Upload

Field	Required?
File	Yes
Name	Yes
Category	Yes (KYC, Legal, Corporate, Tax, Insurance, Other)
Expiry Date	No
Entity	No

Status Values

Valid, Expiring Soon, Expired, Pending, Under Review (from expiry date).

Edit

Change name, category, expiry, entity. File cannot be replaced — upload a new document instead.

12. Expenses

Path: Sidebar → Expenses

Who can use it: Principal and Finance only.

Create Expense

Required: Title, Amount, Expense Type.

Optional: Currency, Status (Paid/Pending/Overdue), Due Date, Entity, Recurring checkbox, Attachments (Invoice, Payment Slip, Cheque Copy).

13. Reports

Path: Sidebar → Reports

Status: Not yet implemented. Placeholder page only. Planned: net worth, performance, and custom reports.

14. Admin: User Management

Path: Sidebar → Users (Super Admin only)

Invite a User

Field	Required?
Email	Yes
Office Role	Yes
Super Admin	No
Module access overrides	No
Entity access	No
Document categories	No

Manage Users

Edit access, deactivate/reactivate users, cancel pending invitations.

Restrictions: Cannot deactivate yourself or the last super admin.

15. Admin: Audit Log

Path: Sidebar → **Audit Log** (Super Admin only)

Status: UI not yet implemented. Backend logging is active for create/update/delete actions across modules.

16. Quick Reference by Task

I want to...	Go to...
See portfolio overview	Dashboard
Add a stock/bond/real estate holding	Assets → Add Asset
Register Oman land	Lands → Register Land
Sell a property	Lands → detail → Record Property Sale
Register a car	Cars → Register Vehicle
Register a company	Companies → Register Company
Track a loan & payments	Loans → Register Loan → Record Payment
Track cheques	Cheques → Register Cheque
Submit an investment for approval	Proposals → New Proposal → Submit
Approve an investment	Proposals → Pending My Approval → Review
Store KYC/legal files	Documents → Upload
Track bills & invoices	Expenses → inline form
Add a family bank account	Bank Details → Add Bank Account
Dispose of an asset	Asset/Car/Company detail → Record Exit
Invite a colleague	Users → Invite User
Check what's expiring soon	Dashboard → Reminders

17. Tips & Limitations

1. **Linked records:** Lands, Cars, and Companies create portfolio assets. Manage values and exits in the correct module.
 2. **Exited status:** Cannot be set manually — use exit or sale workflows.
 3. **Cheque deletes:** Soft delete (hidden); most other deletes are permanent.
 4. **Multi-currency:** Values stored per currency; totals may show multiple currencies separately.
 5. **Read-only users:** No Add, Edit, Delete, or upload.
 6. **Reports & Audit Log:** Coming soon.
